Art Unit: 2627

1. This application contains claims directed to the following patentably distinct species:

Species I - Page 72, line 13 thru page 88, line 4.
Species II - Page 88, line 5 thru page 89, line 23.
Species III - Page 89, line 24 thru page 92, line 8.
Species IV - Page 92, line 9 thru page 120, line 2.
Species V - Page 120, line 3 thru page 121, line 18.
Species VI - Page 121, line 19 thru page 130, line 21.
Species VII - Page 130, line 22 thru page 131, line 23.
Species VIII - Page 131, line 24 thru page 134, line 13.
Species IX - Page 134, line 14 thru page 148, line 18.
Species X - Page 148, line 19 thru page 150, line 12.
Species XI - Page 150, line 13 thru page 166, line 7.
Species XII - Page 166, line 8 thru page 169, line 11.
Species XIII - Page 169, line 12 thru page 183, line 11.
Species XIV - Page 183, line 12 thru page 184, line 4.
Species XV - Page 184, line 5 thru page 186, line 25.
Species XVI - Page 187, line 1 thru page 188, line 12.
Species XVII - Page 188, line 13 thru page 189, line 9.
Species XVIII - Page 189, line 10 thru page 190, line 16.
Species XIX - Page 190, line 17 thru page 191, line 24.
Species XX - Page 191, line 25 thru page 192, line 24.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, no claim appears to be generic to all species.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which depend from or otherwise require all the limitations

of an allowable generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species.

MPEP § 809.02(a).

2. A telephone call was made to James E. Ledbetter on 05 July 2006 to request an oral election to the above restriction requirement, but did not result in an election being made.

3. Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To reserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.

Should applicant traverse on the ground that the inventions or species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the inventions or species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C.103(a) of the other invention.

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Craig A. Renner whose telephone number is (571) 272-7580. The examiner can normally be reached on Monday-Tuesday & Thursday-Friday 9:00 AM - 7:30 PM.
